Letter from the President of Right to Life McHenry County (RLMC)

Hello,

This year at RLMC, we have a new board. I'm Michael Rauh, your new President, and I am pleased to announce the following as my fellow board members:

- **Stephanie Hanlon**, *Vice-President and Director of Education*
- **Holly Wilkinson**, *Treasurer*
- **Helen Jost**, *Secretary*
- **George Jost**, *Director of Special Projects*

Thank you to all who volunteered to assist in making this year's Signature Ad a reality, and a special thanks to all the churches and Pastors who stand proudly with us on the Pro-life issues! We couldn't continue this work without your kind assistance and the generous support of our donors and it is really an inspiration to work alongside you. We are truly blessed to have a

community that fights for life, the first inalienable right.

We thank the retiring board for their many years of dedication and tireless service that went above and beyond. Best wishes in all your future endeavors!

The passion of the new board is to continue building and spreading the culture of life throughout our community, and we invite any individuals to contact us who want to be more involved in RLMC. To learn more about RLMC and to support our efforts, please visit our website at www.righttolife-mc.org.

Best wishes for a tremendously grace-filled and blessed new year!

Michael Rauh
President, RLMC

Young girls "are being groomed as future abortion patients because Planned Parenthood promotes a promiscuous lifestyle. We're not discouraging them from having sex at a young age. We have monthly quotas to meet. They're just numbers."

 Larry Kreul

*We fed the public a line of deceit, dishonesty, a fabrication of statistics and figures. We sensationalized the effects of illegal abortions, and **fabricated polls which indicated that 85 percent of the public favored unrestricted abortion, when we knew it was only 5 percent.** We unashamedly lied, and yet our statements were quoted [by the media] as though they had been written in law.*

TRUTHS ABOUT ROE V. WADE

Norma McCorvey (a.k.a. Jane Roe of Roe v. Wade):

- Was homeless and lived in a park.
- Didn't know during the Roe v. Wade case that the life of a human being was terminated.
- Only met with her attorneys twice in the two to three years of her case.
- Never testified.
- Was never present before any court on any level, and was never at any hearing on her case.
- Was totally excluded from every aspect and every issue of her case.
- Found out about the decision from the newspaper just like the rest of the country.
- Never had an abortion and gave the baby up for adoption.

Following the Roe v. Wade decision, Norma McCorvey (a.k.a. Jane Roe) worked in the abortion industry for several years before she became pro-life. Below are some of her closing thoughts from her affidavit filed in 2003.

“The abortion business is an inherently dehumanizing one. A person has to let her heart and soul die or go numb to stay in practice. The clinic workers suffer, the women suffer, and the babies die.”

“I can assure this Court that the interest of these mothers is not a concern of abortion providers.”

“Working in the abortion clinics forced me to accept what abortion really is: It is a violent act which kills human beings and destroys the peace and the real interests of the mothers involved.”

Excerpts from Norma McCorvey's Affidavit Requesting the Reversal of the Roe v. Wade Decision in 2003

WE, THE UNDERSIGNED, SPEAK OUT FOR THOSE WHO HAVE NO VOICE

Illinois Gov. Bruce Rauner failed to keep his word when he signed HB40 into law on September 28, 2017, after promising Illinois citizens he would veto the bill. HB40 allows for tax-payer funded abortions for state employees and women on Medicaid and ensures that abortion remains legal in Illinois despite what the Supreme Court may decide regarding Roe v. Wade.

2017 PRO-LIFE VICTORIES

- Pro-life Judge Neil Gorsuch was confirmed to the U.S. Supreme Court. - *Susan B. Anthony List*
- President Trump reinstated the Mexico City Policy which stops U.S. taxpayer funding of the abortion industry overseas. The Mexico City Policy does not reduce foreign assistance, rather it ensures that U.S. international aid partners act consistently to save lives, rather than promoting and performing abortion. - *Susan B. Anthony List*
- President Trump invoked the Kemp-Kasten Amendment to cut off U.S. taxpayer funding of the United Nations Population Fund (UNFPA), which has a long history of involvement in China's brutal birth limitation policy – enforcement of which routinely includes the atrocity of forced abortions. - *Susan B. Anthony List*
- President Trump signed H.J. Res. 43 into law, overturning former President Obama's regulation forcing states to fund Planned Parenthood under Title X. - *Susan B. Anthony List*
- Gov. John Kasich of Ohio signed The Down Syndrome Non-Discrimination Act into law which prohibits abortions on unborn babies who have or may have Down syndrome. - *LifeNews*
- Texas Governor Greg Abbott signed a bill that will protect Texans from paying for the abortions of others through their tax dollars and health insurance premiums. - *LifeNews*
- Abortion rate dropped 25% over the last 6 years [from 2008 to 2014]. A report from the Guttmacher Institute found that abortions dropped below 1 million in the U.S. for the first time in more than four decades. - *LifeNews*
- Actual number of surgical abortion clinics decreased by 27 over 2016 totals. - *LifeNews*
